Jeff,

I would appreciate a phone call so I can learn the facts of what has gone on to date, so I can understand the issues. Can we have a brief call today, where you can give me the facts as you understand them? Clifford, you are of course welcome on the call. I can provide a call in number for the call if you suggest some times.

Again, all I want to do is understand the basic facts and issues here in rough terms, so I can help resolve this.

Thanks,

Paul Beattie

Thank you for the communication. I have forwarded this email to the EPA attorney working on this project, Mr. Clifford Villa, so that you may contact him as well. Mr. Villa's phone number is 206-553-1185.

Hi Jeff,

I need to get involved *before* you push Ms. Gaytan for access to her property. At this point, I am representing her and her family, and I need to spot the issues and advise her before she answers.

Perhaps you and I can talk tomorrow. At this point, I do not authorize additional communications with Ms. Gaytan without my "presence."

This is meant to be protective of her, not combative towards you Jeff. I fully understand you have a job to do.

Respectfully yours,

Paul Beattie

Mrs. Gaytan:

I will call you tomorrow around noon to see if you have any questions regarding the Action Memo and to find out if you are planning to grant access to your property. If you wish to speak before then or have any questions, please call me at your convenience.

Thank you,

Mrs. Gaytan:

At your request, I am sending you and your attorney a copy of the Action Memorandum for the removal action proposed for your property on Ashue Road in Wapato, Washington. I contacted you to request consent for access (sample access agreement form attached) to your property beginning Monday, August 12, 2013 through Saturday, August 17, 2013.

After you have reviewed the attached documents, please contact me on my office or cell phone to let me know whether access is approved. You may also contact me at your convenience to discuss any questions you have.

Thank you.
